Metro Rail Starts Laying Tracks

Chennai: Chennai Metro Rail has begun track works on the viaduct stretch between Guindy and Alandur. CMRL sources told *Express* that 650m of plinth concreting works for track laying have been completed and further concreting works are in progress. The stretch work is likely to be completed by next year. Meanwhile, Metro Rail officials said that they will be trying to finish the stretch between Koyambedu to Alandur by the year. The Koyambedu depot now has 14 trains.
