

## Central Metro station gets a new subway

**T**he newly built subway by Chennai Metro Rail Limited inside the Central Metro station on Poona-mallee High Road was opened on Wednesday for the public to use. This was built as a common corridor for passengers to reach both the suburban rail and cen-

tral station terminals. Commuters can now avoid crossing the road through congested traffic.

The subway has been provided with escalators and stairway on both sides of the roads. The subway also has an exit in addition to the existing entrance and exit.
