

CMRL to hold a photo expo at Vadapalani metro station

TIMES NEWS NETWORK

Chennai: Chennai Metro Rail Limited (CMRL) along with Photographic Society of Madras (PSM) will hold a photography exhibition at Vadapalani metro station between August 19 and 25. The expo, organised as part of World Photography Day (August 19), will be held from 10am to 8pm. A team of 38 photographers from PSM captured the metro rail facility on camera, of which 100 will be on display on the corridors of Vadapalani metro station.

"Commuters can catch a glimpse of shots of the project sites, yards, trains, stations and the elevated corridors from an angle they have not seen before," an official said.

The expo will also showcase photographs of nature, architecture, travel, wildlife and landscapes.

Photographic Society of Madras, started in 1857, is conducting a 'Shoot Madras' contest as part of Madras Day celebrations this month. Photographs taken by the winners will also be displayed at the exhibition.
