2	BoQ		we are facing a technical issue while filling BOQ. We have entered the Basic rates in the M column, but while we are checking the total amount with & without tax, it has some calculation mistake. It is only taking the sum of basic rates from cell M13 to M16, but not adding the cells M17, M18, M9, M20 while calculating Total amount.	The bidder shall quote the prices of all the individual work items. The total amount shall be calculated manually by the CMRL during financial evaluation.
3	Scope of work	Lead Auditor training	1. The Lead Auditor training program, as per tender document furnished, on page 21, has stipulated the time for lead auditor training as 5 days. It is not clear whether the 5 days are for both standards, or 5 days for each standard. Certification Bodies (CB) offer the IRCA certified Lead Auditor programs of ISO 9001 and ISO 14001 for 5 days each. Therefore, total training days would be 10 days. We would appreciate a clarification on this.	CMRL will nominate 5 participants for QMS and 5 participants for EMS separately.
4	Scope of work	Lead Auditor training	The training fee for the Lead Auditor program would go directly to the Certification Bodies that conduct the program, from the CMRL, as per CB's norms. Should consultants include an estimate of CB's LA training programme cost in the tender financial document - BOQ_675138.xls?	Tender Conditions Prevail.
