1				We are facing inordinate delay in getting our document attested by the Embassy of India in China. To overcome this difficulty many PSUs/Government Organizations have accepted the checking and authentication of translation by reputed translating agencies. In case you approve we can also get our documents which are originally in Chinese translated by reputed translating agencies. The agencies will submit an affidavit about the correctness of the translation work.	Translation by reputed agencies along with the affidavit is agreed as an Interim measure, to overcome this difficulty.
