

BC35/ASA12 - Prebid Queries and Responses (Lot 2) January 2023

SN	Part	Clause	Original Bid condition	Bidder's query	CMRL Response
1	Part-1 section-III	2.4.1	Experience under Engineering contracts in the role of Prime contractor (Single entity or JV member), Sub-Contractor, or Management Contractor(i) for at least the last SEVEN (7) years starting 1st January 2015.	Required to be deleted (because this clause is barriers for Indian Vendor for participation in the tender which directly affects the aim of Make in India Policy initiated by Government of India)	No change Tender condition prevails
2	Part 1 , Section-III	2.4.2 (c)	From 1st January 2012 and the bid submission deadline, the scope of the works should have included A.Design and development of the DCU software and the SCADA software as an OEM for Half height PSDs. AND B.System Integration, testing and commissioning and all co-ordination with all Interfacing contractors for Half height PSDs.	Required to be deleted The Generic Application of PSD & PSG are same, there is no need to provide evidence of Design and development of DCU and Scada Software of Half height PSD separately, it seems that this clause is suggested by some of the manufacturer of PSD vendor through General Consultant. Or add PSD Full Height also.	No change Tender condition prevails
