

# CMRL to accept only travel cards for parking

Starting this August, metro rail commuters in Chennai will have to use only CMRL travel cards to pay to park vehicles at the stations. Chennai Metro Rail Limited (CMRL) will accept transactions only through travel smartcards from August. Passengers and members of the public using CMRL parking spaces but do not possess CMRL travel cards can buy and top up at customer care/ticketing counters at the metro stations. CMRL introduced the provision of paying parking fares through CMRL travel cards at all stations on a trial basis earlier this month.
