

Chennai Metro to mark Organ Donation Day at Central station

Chennai: In a bid to increase awareness about the need for organ donation and to honour people who have been recipients of organ donations, Chennai Metro Rail Limited, in association with Dr KM Cherian Heart Foundation- Frontier Lifeline Hospital, will be celebrating World Organ Donation Day at Chennai Central metro station on Tuesday. The programme, which is being organised by the members of Frontier Lifeline Hospital, will also motivate people to donate organs, according to a Chennai Metro release. An open house will be set up at Central metro station's premises, to showcase different organs that are donated, along with the equipment used to ensure successful transplant. In addition, various donors will also be felicitated through remembrance to embrace their act of kindness and care. ENS
