

CMRL community outreach: Eighty women from Chennai Sindhi Ladies Chapter took a metro ride from Egmore to Airport on Friday. The ride was organized by Chennai Metro Rail Limited (CMRL) as part of a community outreach initiative. Before they travelled on the metro train, the members of the chapter took part in a presentation by CMRL where they were informed about the facilities and features offered both at stations and in trains for a comfortable commute. They were also told about facilities introduced for last mile connectivity, including share autos, taxis, motorcycles and bicycles.
