

CMRL brings in e-scooters at Alandur stn

Chennai: Chennai Metro Rail Limited introduced keyless electric scooters at Alandur metro station on Saturday as part of feeder services to provide commuters with last mile connectivity. CMRL launched the service in association with Fly Rental Service where commuters are charged ₹1 per minute. The service is available from 7am to 9pm.

The scooters can be picked up from the station by using the Fly app which can be downloaded from Google Play store. CMRL said the scooters are dock less, self-driven, keyless, smart and eco-friendly. Passengers can drop the bike anywhere within the Flyzone (blue colour area) after the ride. At present, a total of six scooters are available at the station which will be extended to 15 depending on demand. TNN
