

Two-tier bike parking at Meenambakkam metro station

With patronage steadily picking up, Chennai Metro Rail has decided to give its existing infrastructure a lift. A two-tier parking facility for two-wheelers was inaugurated at Meenambakkam metro rail station on Thursday. In this facility, five two-wheelers can be parked at the ground level and five more can be parked at an elevation of nine feet."The parked vehicles are lifted to the top through hydraulic power and brought down by gravitational force.

A similar facility is planned to be introduced in other metro stations also," said a CMRL release. The parking facility was inaugurated by director of systems and operations, managing director of Swift Power Products Engineering Pvt Ltd, S Prabhu and other metro rail officials.
