

CMRL takes precautionary measures

DC CORRESPONDENT
CHENNAI, APRIL 18

As part of prevent measures, CMRL has undertaken disinfectant activity at Central and airport metro stations against the spreading coronavirus with the collaboration M/s Ascentya Research and development solutions pvt ltd. In a press release, CMRL said precautionary messages were being sent as SMS to passengers' cell-phones. Do's and don'ts are published at all metro stations along with the announcements regularly made for benefit of passengers. Hand sanitizers are provided in all metro stations rest rooms. All metro stations are periodically disinfected and thoroughly cleaned. All security staff at metro stations are provided with hand gloves. Metro train handles, seats, hand grabs are cleaned at frequent intervals. Temperature sensing

guns are getting procured for stations to check the passenger's body temperature before they get into the

metro trains. Facial masks are provided to all staff at metro stations, added the press release.
