Press Release

Chennai Metro Rail Limited

On 25-10-2020 at 11.30 PM, a Trailer (TN 03 0689) carrying 7 coils, each weighing 11 tonnes was moving from Chennai Harbour towards Poonamallee Road, The overall weight including the trailer, was 90 tonnes.

The Trailer, while crossing the decking plate laid for subway works near Central Metro Station, damaged the decking plate which collapsed inside the excavation due to the over loaded trailer.

CMRL worked on war footing basis to rescue the trailer. No one was injured during the rescue.
