

Press Release

All stations of CMRL Phase 2 will be installed with Platform Screen Doors (PSD) for passenger safety in Driverless Train Operation

The Platform Screen Doors provide additional safety for passengers. It also improves the Air conditioning at Underground stations by preventing the cool air from escaping to the tunnels. Thiru. Rajesh Chaturvedi, Director (Systems and Operations) CMRL said, a contract has been awarded to install Platform Screen Doors on Corridor 4 at a cost of Rs.100 crore.

CMRL Director (Systems and Operations) Rajesh Chaturvedi, stated that, Chennai Metro Rail Limited has awarded the Contract ASA-10 for supply of Platform Screen Doors (PSD) for its Corridor 4 of phase 2 project to M/s Zhuzhou CRRC Times Electric Co. Ltd. for a value of INR 100 Crores. This work is funded by New Development Bank.

The work includes half height Platform Screen Doors for 18 Elevated stations from Poonamalle to Kodambakkam power house and Full Height Platform screen doors for 9 Underground stations from Light House to Kodambakkam. The Platform Screen Doors will be operated automatically by the driverless Signalling system of Corridor 4.

The Contracts for remaining corridors 3 & 5 are in the process of finalisation.
