**Pneumatic Laboratory and Tool Crib launched at Rolling Stock shed in Chennai Metro Koyambedu Depot**

A State-of-the art Pneumatic Laboratory and the controlled storage space tool crib was launched today in the Rolling Stock Maintenance Division at Chennai Metro Rail Koyambedu Depot. The Pneumatic Laboratory was launched by Thiru. M.A Siddique I.A.S., Managing Director, CMRL today, 16-08-2024. Thiru. Rajesh Chaturvedi, Director (Systems and Operations), Thiru. Ramasubbu, Advisor (RS&O), Thiru. A.R. Rajendran, CGM(RS), Thiru.C. Balamurugan, AGM (RS) and other officials of CMRL were also present during the occasion.

The Pneumatic Laboratory and Tool Crib has been launched to enhance train maintenance efficiency. The lab is equipped to inspect, calibrate, test, repair, and troubleshoot pneumatic components used in Phase I trains. A dedicated tool crib, organized using 5S methodology, supports efficient maintenance operations. This in-house capability has improved maintenance, reduced costs, and fostered innovation within CMRL.
