Chennai Metro Rail Limited (CMRL) Signs Contract with Rdx Architects for Detailed Design of Integrated Bus Terminal cum Commercial / Office Development at Vadapalani Bus Depot

Chennai Metro Rail Limited (CMRL) has signed a contract with M/s Rdx Architects for providing consultancy services for the Detailed Design of Integrated Bus Terminal cum Commercial / Office Development at Vadapalani Bus Depot. The project represents an important step towards strengthening Chennai's urban transport infrastructure through integrated and transit-oriented development.

The proposed development at Vadapalani Bus Depot envisages the creation of a modern Integrated Bus Terminal along with Commercial and Office spaces, enabling efficient land utilisation while enhancing passenger convenience. The project is planned to support smooth bus operations and provide well-organized passenger facilities integrated with commercial and office developments.

The consultancy services were awarded to M/s Rdx Architects at a contract value of INR 3,91,76,000/-. The duration of the consultancy assignment is 120 days. Under the scope of the assignment, the consultant will undertake preparation of detailed architectural and engineering designs including planning of passenger amenities, circulation areas, operational infrastructure for bus services, and integration of commercial and office spaces within the terminal complex to ensure functional efficiency and improved commuter experience.

The agreement was executed between Thiru. T. Archunan, IRSE, Director (Projects), CMRL and Thiru. K. Nachiappan, Chief Executive Officer (CEO), Rdx Architects. Senior officials of CMRL including CGMs Thiru. T. Livingstone Eliazer, Tmt. Rekha Prakash and Dr. D. Jebaselwin Gladson along with other representatives from Rdx Architects, were present on the occasion.
